**"Heart-Health
Is Always
in Fashion."**

Heart disease is the leading cause of death for American women – it kills nearly half a million women each year... about one per minute. Yet, few women realize that heart disease is their greatest health threat.

Go Red For Women is raising women's awareness of the magnitude of heart disease, and helping them make healthy lifestyle choices to protect their hearts.

A Night of Makeovers

Experience an energizing evening that begins with a silent auction and a healthy, gourmet dinner before our "models" take the stage. Listen as local women share their stories of survival and their lifestyle "makeover." Leave with simple healthy strategies you can use in your own life.

Celebrate the energy, passion and power we have as women to band together to wipe out heart disease and stroke.

Sponsorship, Corporate Table Packages and Individual Tickets are available.

Call 815-389-2637 to reserve your seat.
